

Targus Corporate Traveler(CUCT02BEU)

Targus Corporate Traveler - Notebook carrying backpack - 15.6" - black

The 15.6" Corporate Traveler Backpack is made for the road. Features a hidden trolley strap attaches to your rolling luggage for effortless travel.

It's easy to access your gear and gadgets with a zip-down workstation that organizes your pens and styli, business cards, and supplies. The soft-lined front pocket keeps your small items secure, and there's a dedicated file compartment with divider and mesh pockets for power storage. Two water bottle holders keep your coffee or water at arm's length.

Made with durable military-grade ballistic nylon and a state-of-the-art SafePort x D30 protection system to help prevent drop and side-impact damage, you can rest assured your devices are protected. Its water-resistant bottom delivers stability and standability. It's also comfortable to carry, with a molded air mesh back panel and ergonomic shoulder straps that flex to take the brunt of the weight, instead of your shoulders.

Key Selling Points

- State-of-the-art SafePort x D30 drop and side protection
- Expandable storage capacity from 27L to 30L
- Advanced ergonomic shoulder straps make for a comfortable carry
- Zip-down workstation plus two, front quick-access pockets organizes your gear
- Air mesh back panel and shoulder straps with a contoured design make it comfortable to carry
- Durable 1680D military-grade ballistic nylon is water- and wear-resistant
- Two convenient water bottle pockets
- A removable accessory pouch provides easy access to supplies
- Lockable zipper pulls to secure your gear

Product Features

Sturdy and secure

Engineered with an advanced SafePort x D30 protection system on the base and sides of the laptop compartment, the shock absorbing polymer material offers the thinnest and most advanced protection against impact. D30 materials are made using a combination of advanced polymer chemistry and cutting-edge design. Soft and flexible, D30 absorbs and dissipates energy during an impact, dramatically reducing the amount of force transmitted to the laptop during a drop or fall.

Intuitive organization

With a tablet compartment, removable accessory pouch, and two, front quick-access pockets, the Corporate Traveler Backpack is incredibly organized so that finding your pens, phone, and more is quick and easy. File dividers organize your documents and keep them looking fresh. Two mesh pockets on each side put your water bottle or travel mug at arm's length.

Contoured comfort

This case is made for comfort. Thanks to a non-slip coating on the adjustable Equalizer shoulder strap, the briefcase stays put while you're walking through the airport or on public transit. Contoured and padded, it's shock-resistant and is made to bear the brunt of your gear's weight.

Main Specifications
