Product Features

Professional versatile A3 printing

This professional A3 printer offers you the capabilities to not only print in A4, but to also print your reports, presentations, marketing materials or training documents in A3, enabling you to expand your opportunities.

Ultra-fast, durable, precision printing

Through years of meticulous engineering design, patented MAXIDRIVE print chip redefines printing technology. Ink droplets are ejected into 40 micrometer thick film generating pressure that travels through 1680 individual chambers across a single print chip, delivering ultra-fast, durable, precision printing.

When quality and performance work together

Advanced color printing technology is guaranteed to make the right impression when it counts, with vibrant, professional color prints and accurate digital documents. The robust design and long-life components provide confidence that your device will continue to perform without interruption.

Print from anywhere, any time

Thanks to the remote print function on the Brother Mobile Connect app, you can send print jobs from anywhere - allowing you to get on with the rest of your day. You can even set up notifications that will let you know when the job is completed.

Brother Mobile Connect

The Brother Mobile Connect app let's you personalize your frequently used printer functions unlocking a revolutionary way of printing. As well as sending a print job from anywhere, there is whole host of useful scan features - scan data directly to your mobile device or check your scan history for files. If you're worried about running out of supplies simply check ink levels and order replenishment supplies direct to your door.
