

Apple(MUVV3ZM/A)

Apple - Power adapter - 20 Watt (24 pin USB-C)

Discover the convenience and efficiency of this power adapter, designed to cater to your mobile charging needs. Whether for a cellular phone or a tablet, this adapter is equipped with a 20 W power output, ensuring your devices receive fast and efficient charging. Its 24-pin USB-C output connector broadens its compatibility, making it a versatile accessory for a wide range of devices. Experience the reliability of a power adapter that not only optimizes charging efficiency but also prioritizes your device's safety.

Key Selling Points

- 20 W power output for fast charging
- 24-pin USB-C connector for broad device compatibility
- Designed for both cellular phones and tablets
- Optimizes charging efficiency and safety

Product Features

Efficient charging

Designed specifically for cellular phones and tablets, this power adapter ensures your devices are charged efficiently and safely. With a 20 W power output, it provides the optimal amount of power for speedy charging without compromising the device's battery health.

Universal compatibility

Featuring a 24-pin USB-C output connector, this adapter offers wide-ranging compatibility with a variety of devices. Whether you're charging a cellular phone or a tablet, the versatile connection ensures you can power up your device with ease.
