

Apple AirPods with Lightning Charging Case(MPNY3ZM/A)

Apple AirPods with Lightning Charging Case - 3rd generation - true wireless earphones with mic - ear-bud - Bluetooth - white

AirPods are lightweight and offer a contoured design. They sit at just the right angle for comfort and to better direct audio to your ear. The stem is 33 percent shorter than AirPods (2nd generation) and includes a force sensor to easily control music and calls.

Both AirPods and the Lightning Charging Case are rated IPX4 water resistant - so they'll withstand anything from rain to heavy workouts.

Key Selling Points

- Designed by Apple
- Personalized spatial audio with dynamic head tracking for an immersive three-dimensional listening experience
- Amazing sound quality with Adaptive EQ
- Contoured design
- Force sensor control
- Sweat and water resistant (IPX4)
- Easy setup for all your Apple devices
- Lightning charging case can be charged with the Lightning connector

Product Features

Updated design

AirPods are lightweight and offer a contoured design. They sit at just the right angle for comfort and to better direct audio to your ear. The stem is 33 percent shorter than AirPods (2nd generation) and includes a force sensor to easily control music and calls.

Personalized spatial audio with dynamic head tracking

Sound is placed all around you to create an immersive, three-dimensional listening experience for music, TV shows, and movies. Gyroscopes and accelerometers in AirPods work together to track your head movements - so it sounds like you're in the center of songs and scenes.

Adaptive EQ

Music is automatically tuned to suit the shape of your ear. Inward-facing microphones detect what you're hearing, then adjust low- and mid-range frequencies to deliver the rich details in every song.

Longer battery life

AirPods have an extra hour of battery life compared with AirPods (2nd generation) for long hours of listening time and long hours of talk time. With just 5 minutes of charge, you'll get around an hour of listening or talk time. And with the Lightning Charging Case, you can enjoy long hours of total listening time.

Sweat and water resistant

Both AirPods and the Lightning Charging Case are rated IPX4 water resistant - so they'll withstand anything from rain to heavy workouts.

Magical in every way

Setup is effortless - pull them out of the case and they're ready to use. Automatically switch between your Apple devices. In-ear detection knows the difference between your ear and other surfaces. Announce Notifications with Siri gives you the option to have Siri read your notifications through your AirPods. And with Audio Sharing, you and a friend can easily share a song or show between any two sets of AirPods.

Main Specifications

Product Description	Apple AirPods with Lightning Charging Case 3rd generation - true wireless earphones with mic
Product Type	True wireless earphones - Bluetooth
Compatibility	iPhone, iPad, iPod, Mac
Recommended Use	Portable electronics
Additional Functions	Wireless audio sharing
Colour	White
Headphones Form Factor	Ear-bud
Wireless Technology	Bluetooth
Bluetooth Version	Bluetooth 5.0

Sound Output Mode	Stereo
Sound Effects	Adaptive EQ
Microphone Operation Mode	Beamforming
Controls	Answer/end, play/pause, next/previous track, voice assistant
Intelligent Assistant	Siri
Manufacturer Warranty	1-year warranty
